

Checking all the boxes for what's needed in a library app, Vega Mobile puts the power of your library in the hands of your patrons.

Modern patron experience

Consortium support

Provides portable self-check

Context-specific content

Vega Mobile works with how you work: On iOS and Android, Sierra and Polaris, for public libraries and consortia.

A 2019 study shows that apps account for 89% of mobile media time, with the other 11% spent on websites.

Meet your patrons where they already are with the Vega mobile app.

Empower your patrons to...

Stay home and check out

Your patrons can use the same device they use for most tasks to access library resources.

- Use one interface to search for and find all library materials, physical and electronic, using keyword search or barcode scan
- Place and manage holds
- Check out and download e-content right to their device
- Renew checked-out materials
- Manage an entire family's accounts from one screen
- Pay fines and fees through a payment provider or ILS gateway or via third-party service
- View library events, locations and hours

Do more at the library

Minimize unnecessary physical contact and maximize convenience.

- Patron self-checkout and check-in at the library using barcodes or RFID
- Streamlined curbside pickup of reserved materials, with support for timed reservations
- Digital library card for scanning at the circulation desk or self-check kiosk
- Event- and location specific messaging with patrons with support for beacons
- Work with library checkout and other processes in the patron's preferred language

Powerful functionality for patrons and staff

Patrons can manage their library account at any hour and from any location. Staff have easy access with web-based administration.

- **Linked accounts**

Parents can manage their own and their children's accounts from the same screen.

- **Consortium support**

Patrons can access your consortium's resources from the entry point of their home library.

- **Integrated e-content**

Patrons can browse and check out e-content right from the Vega mobile interface.

- **Curbside pickup**

Patrons can make a reservation to pick up reserved materials, and alert staff with an "I'm Here" message to arrange for a safe hand-off.

- **Content management**

Staff can update and customize what your patrons see, without asking for Innovative to make changes for you.

- **Account Notifications**

Ensure a seamless and responsible borrowing experience through proactive, automated communication that keeps patrons informed about their library materials.

- **UAT/Test App**

With Vega Mobile subscription, libraries get a safe place where they can test app configurations, experiment with dynamic tabs, and preview changes without exposing unfinished changes to patrons.
